Oklahoma Attorney General

Annual Report of Private Attorney Contracts

Fiscal Year 2019

The Oklahoma Office of the Attorney General is required by Title 74, Section 20i(G) of the Oklahoma Statutes to produce a report on the private legal representation obtained by an agency or official of the executive branch. This report must include a brief description of each contract, the circumstances necessitating each contract, and the amount paid under each contract.

In FY2019, the total amount spent on private attorneys by agencies and executive branch officials was \$7.6 million. This represents an increase over FY2018 where the amount spent was \$7.15 million.

Attorney General Hunter presents for your review the attached report containing all private attorney contracts paid by individual agencies and boards. A summary of this information is provided in Table 1. The report also includes a table showing the total amounts collected by our office for legal representation of various agencies and officials of the executive branch during FY2019 (see Table 2). For reference, an additional chart is included to show the difference between monies spent in FY2018 and FY2019 with the last column numbers indicating a decrease or increase in the amount paid (see Table 3).
